---

PROJECT

1.WanderLust–Full StackTravelApp

Built a MERN-Stack travel platform to list, book, and review destinations with secure user auth and upload. Implemented CRUD operations, REST APIs, and responsive UI using React, Node.js, Express, and MongoDB.

2. Real-Time Video Conferencing Platform

Built a real-time video conferencing web app enabling users to create and join meetings with live audio/video communication using WebRTC and Socket.io. Implemented responsive UI and real-time participant management.

CERTIFICATE

- Python -GFG
- React -GFG
